

RAKESH COMB BINDING SYSTEMS

RE-M316CB(S)

The most affordable and efficient comb binding systems available in the market. Binds Everything big or of small, business documents, reports, conference records, balance sheets, leaflets, manuals, anything and everything. Elegantly present your bound documents the fastest way. You never again have to depend on an outside binder for your everyday binding needs.

RE-E332CB-HD

Plastic comb binding is a flexible binding solution to bind any document upto 500 pages.

Comb binding machines use plastic binding combs that are easy to use. Combs are available in different sizes and colors and are re-usable multiple times. Pages can be removed and reinserted into the plastic comb bound books with ease.

Our range of machines are available in manual punch and electric punch models. Manual punches are mainly useful for small to medium-volume jobs and electric punches can be used in medium to high-volume jobs. All our machines are built to the highest quality and give the best service and overall value for money.
