Re L3-01 (Premium)
WORKS FROM 2R TO A3 SIZES
4 ROLLERS

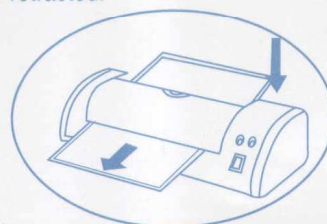

Operation

Flip open the rear document support plate to improve flattening the laminate and it helps to prevent document jam occurrence.

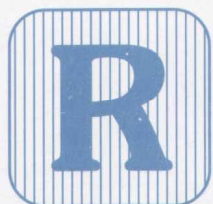

Insert squarely the pouch, with the closed end first, into the paper inlet.

Once document jam occurs, turn OFF the machine and press the JAM RELEASE BUTTON all the way down until you hear a very significant "click" Hold firmly the machine in place and pull the document out from the paper inlet until it is fully retracted.
